

Summer is All About Fun and “Flamingo Fridays”

Let's face it, summer is the time of year we want to enjoy the outdoors, let loose, and have a little fun. Residents of Spring Mill Senior Living in Phoenixville are doing just that this time of year! Flamingo Friday is celebrated once a month this season and enjoyed by all who participate. Staff and residents alike dress in all their pink tropical finery and celebrate summer.

Each Flamingo Friday highlights a fun activity or educational opportunity for Spring Mill's residents. Most recently, the Elmwood Park Zoo stopped in to talk about their exotic animals, all of which had Flamingo or “Happy Hour” themes. Sally (pictured above with residents), the Moluccan Cockatoo, impressed all who attended with her talents that included dancing and flirting with residents while blowing kisses at the gentlemen in the room. There were also visits from other rare and exotic animals.

Residents not only enjoyed themselves but learned something too!
