

## **Local Community Honors its Heroes and Veterans**

Spring Mill Senior Living recently honored resident veterans by saluting them in a touching flag ceremony and unveiling.

In reference to the recent installation of a large flag pole in front of the community, Karen Garland, Executive Director said: “This new addition to the community is a sign of our great admiration and appreciation for the sacrifices many have made for our freedom.” Visible from Route 113 in Phoenixville, the 8 ft. American flag waves proudly atop the hillside; an ever present symbol of the bravery and dedication many residents and their spouses displayed in some our nation’s most trying times. Also present on the installation is the Pennsylvania state flag.

April is “Leave a Legacy” month. In recognition of the legacy all veterans have left behind, Spring Mill encourages you to take notice of the flag waving proudly and exhibit a moment of silence during your travels past the community.
